Palmer moved, seconded by Henington to approve the addition of MA 4243/6243 Data Analysis I, MA 4253/6253 Data Analysis II, ST 4243/6243 Data Analysis I, ST 4253/6253 Data Analysis II. The motion passed unanimously.

Ebanks moved, seconded by Wolverton, to approve the modification of ST 8603 Applied Statistics and ST 8613 Linear Models I. The motion passed unanimously.

Palmer moved, seconded by Rogers, to approve the addition of GE 2813 European and American Interaction in Context and the addition of GE 2813 European and American Interaction in Context as a Humanities Core Course. Discussion about how the course meets the Humanities Core criteria and duplication of current courses. Henry moved, seconded by Wolverton, to table the proposal until the following issues are addressed:

1. “Designed primarily for engineering students” – Core Courses must be open to all students and there must be enough openings so everyone has the opportunity to enroll in the course.
2. Duplication of content – The College of Architecture, Art, and Design already offers several courses covering these same topics. Provide an explanation on how this course differs from the courses in CAAD.
3. Letter of support – Your revised proposal should contain letters of support from Architecture, Landscape Architecture and Music.
4. Appropriate topics – Explain how the sites visited and topics discussed directly relate to Engineering.

The motion to table GE 2813 European and American Interaction in Context passed unanimously.

Palmer moved, seconded by Ebanks, to approve the addition of a Minor in Poultry Science. The motion passed unanimously.

Blair moved, seconded by Henington, to adjourn at 3:05 p.m.
